Upgrade of revenue and operating profit guidance

October 5, 2026

ANNOUNCEMENT NO. 317
5 October 2026

ChemoMetec maintained its positive momentum in the first quarter of the 2026/27 financial year, supported by higher-than-expected demand for our instruments, with the NC-203 being a key driver, including a lower-than-expected cost base.

Based on this, the Company now expects revenue for the 2026/27 financial year in the DKK 560-590 million range, up from DKK 545-575 million in the most recent guidance, and EBITDA in the DKK 330-345 million range, up from DKK 300-315 million previously.

ChemoMetec's financial results for the first quarter of 2026/27 are scheduled to be released on Thursday, 5 November 2026.
